

Product Datasheet

Wall mounted ASA closed bowl eye wash

45GEW

Suitable for indoor use, and outdoors in warmer climates, this eye/face wash is essential for potentially hazardous industries and applications. The integral ASA lid connects to the water valve for automatic operation when the lid is pulled down.

The unit benefits from chemical and UV resistance, as well as excellent durability due to the ASA construction. An improved washing action is achieved via the high flow rate aerated diffusers. Meets the requirements of ANSI Z358.1-2014.

Specifications

MATERIALS OF CONSTRUCTION	
BOWL/LID	ASA
DIFFUSERS	Chrome plated brass retaining ring, stainless steel filter mesh, plastic body
STANDARD FINISH	White with green pictogram sign
SERVICES
